

# EASA Design Organization EASA.21J.529

---

*Serving The Aviation Industry Since 2009*

**Any real change comes from the inside**

# WHO WE ARE

## EASA Approved Design Organization

ABC International is certified by EASA as a Design Organization, approved according to Part 21, Section A, Subpart J and against the DOA ref. EASA.21J.529

## Great Experience

ABC International is being operating in the aviation business since 2009 with premium partners

## Unmatchable Know how

ABC International has delivered more than 250 projects in the last 3 years to major airlines, lessors, and numerous exclusive partners.

## Privileges

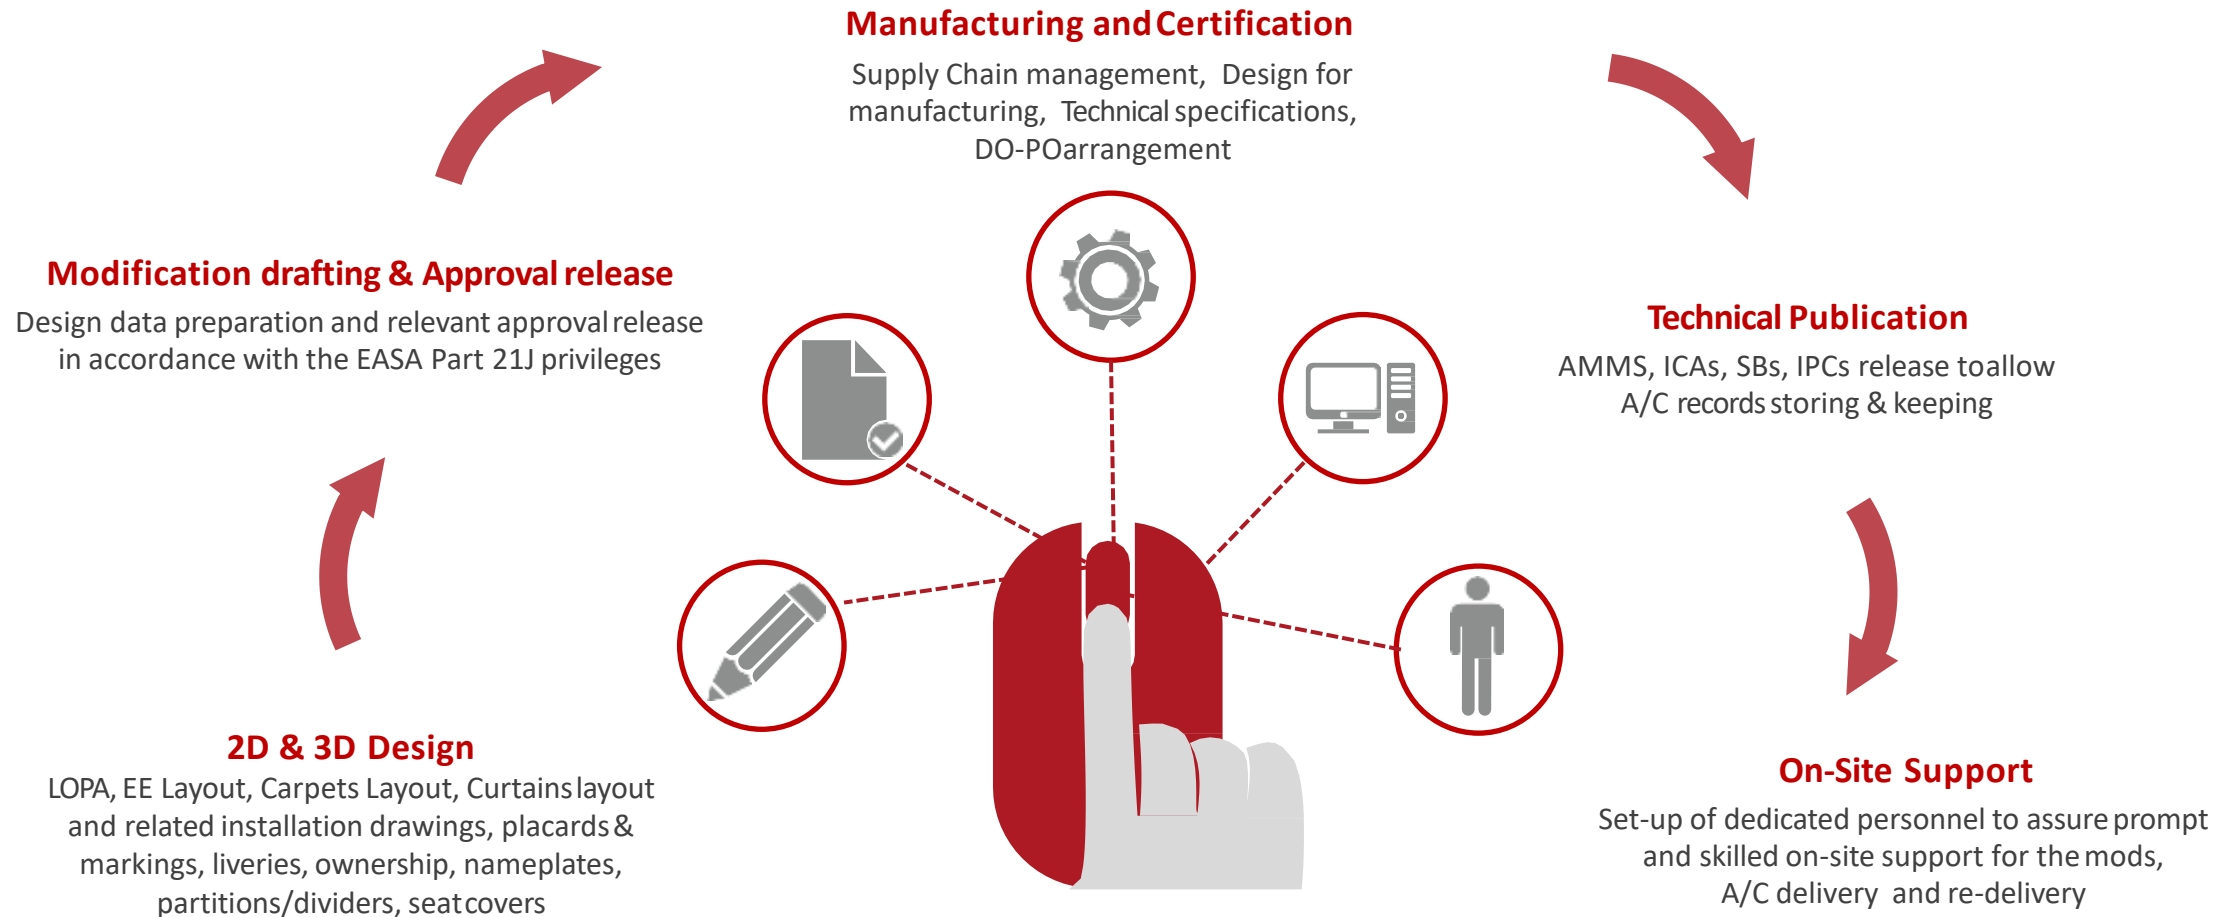

ABC International Design Organization is entitled to classify changes to TC or to STC as “major” or “minor” and to approve minor changes to a TC or to a STC within cabin interiors/external schemes, placards and markings on CS-25 (Large Aeroplanes) and, in addition to the scope, within Avionics and Structures on CS-23 (Small Aeroplanes).

## Capabilities

Thanks also to the deep knowledge and expertise in Supply Chain Management, as well as to DO-PO arrangements, ABC is able to procure material, parts and components and get them manufactured, certified and installed

# ABC FULL PACKAGE APPROACH

*Your turnkey solution in one click...*

# ABC INTERNATIONAL SERVICES

## Galley / Lavatory / Monuments removal and / or installation

ABC International can approve installation or removal of cabin monuments.

## Partition, Class Divider and stowage design, manufacturing and certification

ABC International can design, certify and - based on reliable DO/PO agreements – manufacture new cabin interiors as per your specific request.

## IFE systems installation/deactivation

The new seats needs to be connected to the A/C wiring system? Or you just want to downgrade IFE functionality? ABC can connect and disconnect IFE systems.

## Phase In/Phase Out Inspections technical Support

Physical and remote or desk-based documental inspections.

## EEL, LOPA & PSU reconfiguration

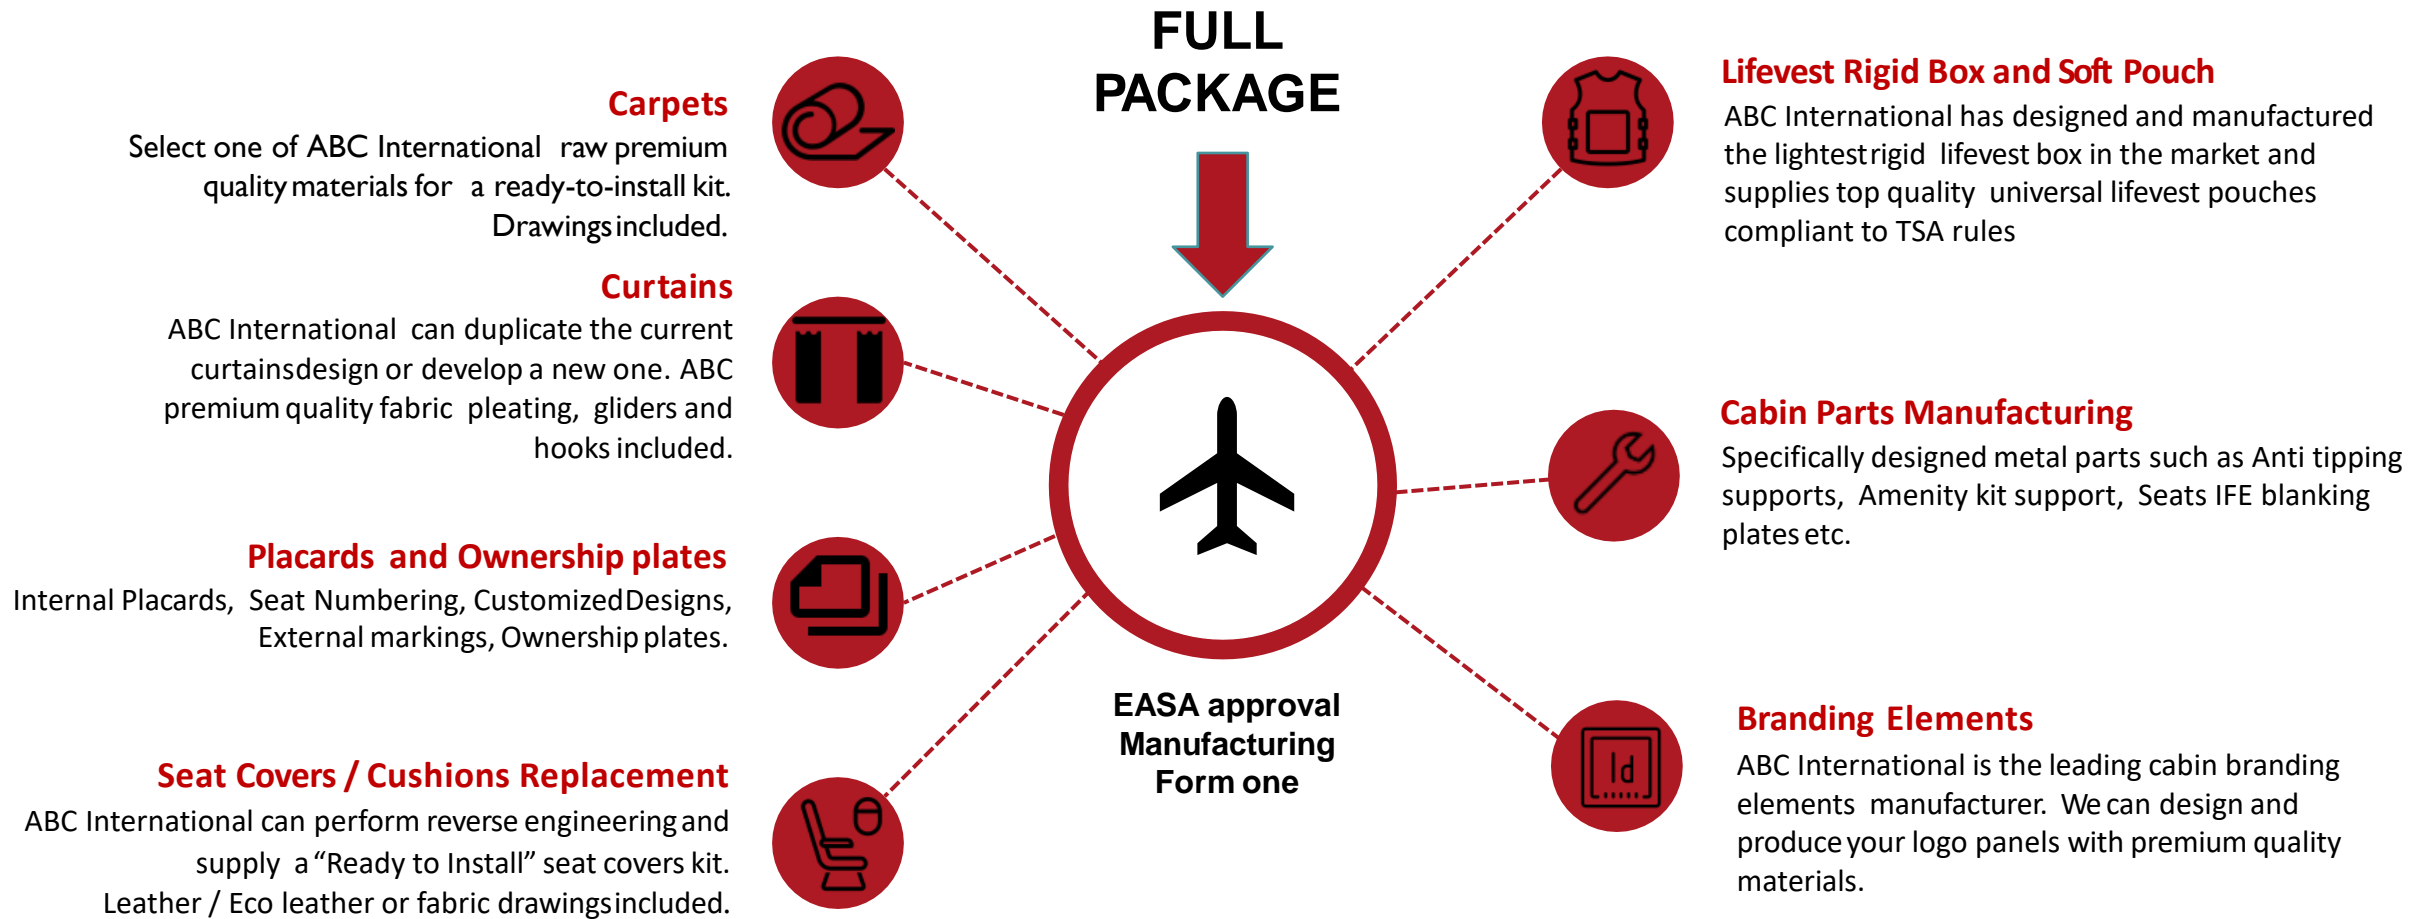

Definition of new EEL, LOPA and PSU layouts as per our customers request. CAM reprogramming support is also available.

## Livery Change and Cabin Advertising

New Livery Design and cabin advertising Installation approval. ABC International is also able to supply the livery/advertising decals manufacturing and on-site installationsupport for liveries.

# ABC INTERNATIONAL PRODUCTS

# ABC INTERNATIONAL PRODUCTS

## Movable Class Divider

ABC International's MCD for A320 aircraft family is extremely light, functional and reduces impact on existing cabin configuration. Provided with EASA approved Service Bulletin, CMM, ICA and Form One in extremely short Lead Times.

## Life Vest Rigid Box

The Life Vest Rigid Box is manufactured using flame-retardant and high-strength polycarbonate resin-UV stabilised material by means of injection moulding. Compatible with the most common seats.

## Seat Track Covers

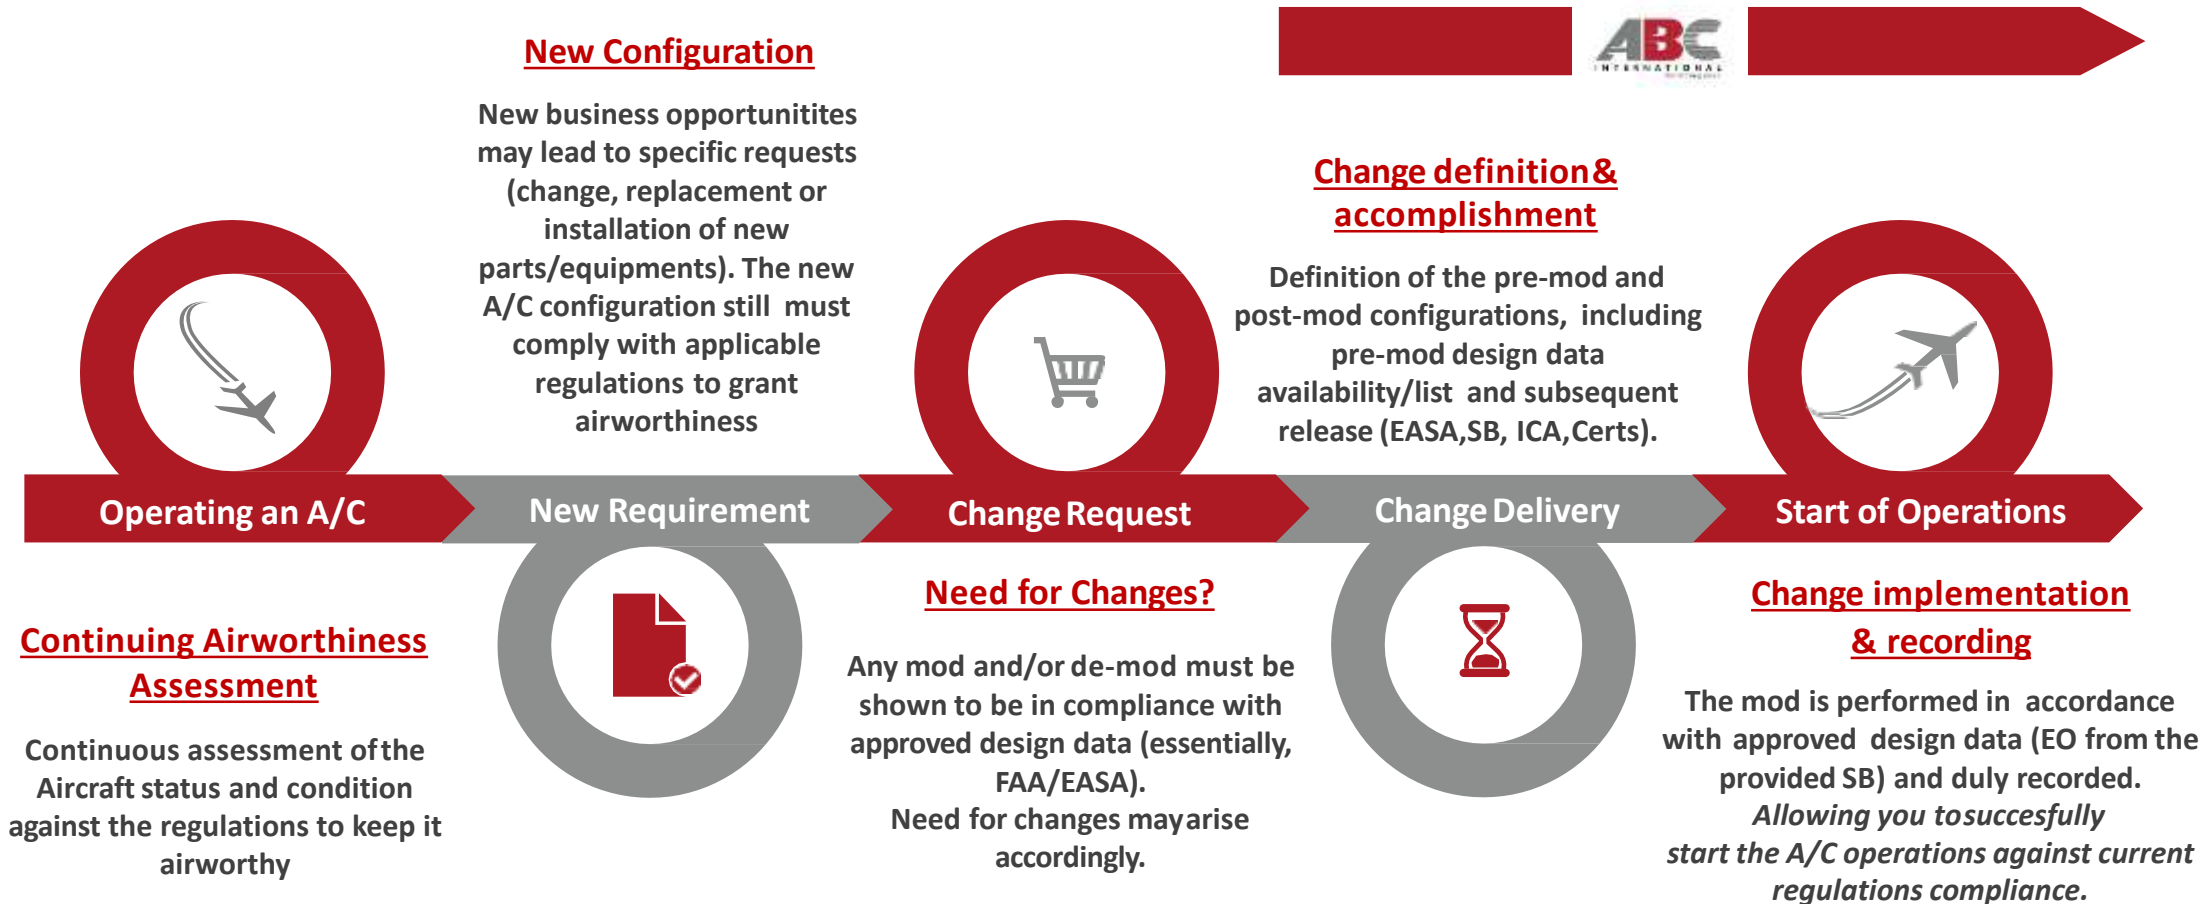

ABC International's seat track covers are manufactured using an extrusion process from high-viscosity, self-extinguishing, and heat-stabilized PA12 compound. The design facilitates quick and easy installation onto seat tracks of various aircraft types and models

## Soft Furnishing Catalogue

By selecting the preferred materials from ABC's catalogue you can get a «ready to install» kit which includes curtains/carpets and seat covers manufacturing, technical drawings, Service Bulletin and Form One.

Part 145 MRO

# ABC INTERNATIONAL MARKET UNDERSTANDING

*we know how to support you...*

## Flexible Approach

ABC International is capable to set dedicated resources and related skills to match the project peculiarities and scope while keeping shortest lead-time.

## Cost-effective and time-efficient solutions

ABC International provides a highly cost-effective service due to our investments in streamlining the company and availing of cost-effective suppliers.  
Our services are provided fast due to our flexible team structure, past experiences and promptly available on-stock raw materials.

## Full Package Approach

ABC International aims to be a "one-stop" partner by providing approved design data, certified parts (Form One, if needed), installation instructions and related on-site support (if needed).

## Experience on most operated A/C

ABC International has already experienced hundreds of mods related to cabin interiors on the most operated A/Cs, like B737, B767, B777, A320 family, A330, ATR42 and ATR72.

# ABC INTERNATIONAL VALUES & STRATEGY

**Full dedicated Assistance**  
24/7 technical assistance for any project

**Cost Effective**  
ABC International can provide you with the best prices in the market always

**Time Effective**  
Thanks to its flexible structure, ABC International is able to assign a fully dedicated focal point to each project

**Client Oriented Solutions**  
Any ABC International solution is tailor made and Customer oriented

**High Know-how**  
Experienced aircraft leasing experts with a deep understanding of specific lessors needs

# ABC OUR RECENT LEASING RELATED PROJECTS
